

**Bathtub** built-in & freestanding

## Bathtub

### Why choose a Kolpa san bathtub?

- Several quality ranges to suit your needs
- Ergonomic design with pure geometric shapes
- Possibility to upgrade the bathtub with premium elements (massage system)
- Possibility to upgrade with shower screens and enclosures
- Various installation options (freestanding, built-in or with acrylic side panel/s)
- A wide range of bathtubs and various dimensions to equip all types of bathrooms

**T**he Kolpa san programme offers bathtubs and shower trays. The space can be exquisitely accessorised with furniture and bathroom accessories. The products from the Kolpa san programme are imprinted into the consciousness of people because of their traditional high quality. They can be recognised for its classical functionality supported by advanced design. The range of choices offers every individual the appropriate product, which will bring them the sense of positive energy, freedom and reliability.

We at Kolpa understand the business and production processes. We adhere to the principle of "clean production", which means a rational use of inputs, higher productivity and better quality of products. At the same time we are developing an environmentally-friendly company, a proof of which is the environmental certificate ISO 14001.
